

# Lonix Training Program

Courses for Lonix Integrators and Distributors

# Certification Levels

# Lonix Training, part 1 - Automation

- System Overview (theory)
- Example Projects
- Lonix Automation (theory)
- Example Applications
  - Reviewing example implementations using PCT
- Lonix Project Creation Tool PCT (theory)
- NL220 LON Manager Tool (theory)
- Software installations (PCT, NL220)
- Hands-on exercise 1
  - Building a simple application using PCT

# Lonix Training, part 1 - Automation

- HVAC Processes (theory)
- Example Applications (theory)
- Hands-on exercise 2
  - Building a simple application using PCT
- Example Applications
  - Reviewing more example implementations using PCT
- Hands-on exercise 3
  - Building a more complex application using PCT
- Essentials of LON Technology (theory)
- Essentials of project management (theory)
- Discussion or hands-on work on a specific customer project

# Lonix Training, part 2 - Security

- Lonix Security (theory)
- Example Applications
  - Reviewing an example implementation using PCT
- Hands-on exercise 4
  - Building a simple application using PCT
- Camera configurations (theory + example)
- NVR/DVR installation (example)
- Discussion or hands-on work on a specific customer project

# Lonix Training, part 3 - COBA

- COBA Software (theory)
- Software installation (COBA Editor)
- Example Applications
  - Reviewing an example implementation using COBA Editor
- Hands-on exercise 5
  - Building a simple application using COBA Editor
- COBA Server Software installation (theory)
- Discussion or hands-on work on a specific customer project

# Course materials

- Course materials are available on CD in the trainings
- Acquisition of software tools for technical personnel are prerequisite for participation in hands-on training:
  - Lonix Project Creation Tool PCT
  - NL220 LON Manager Tool
- Lectures and supporting materials can be downloaded at [www.lonix.com/support](http://www.lonix.com/support)
- Courses are arranged regularly in Helsinki and in Dubai – schedule details are available from [anu.katka@lonix.com](mailto:anu.katka@lonix.com)
